Final Rejection

The Status of Claims

Claims 1-16 have been canceled.

Claims 17-24 are pending.

Claims 17-20 have been rejected.

Claims 21-24 have been objected.

Claim Rejections-35 USC 112

1. Applicants' argument filed 7/27/2004 have been fully considered but they are not persuasive.

The rejection of Claims 17-20 under 35 U.S.C. 112, second paragraph, has been maintained due to applicants' failure to change in the amendment.

Applicants' Argument

2. The applicants argue the following issue:

- a. The rejection of Claims 17-20 under 35 U.S.C. 112, second paragraph is overcome with the amended claims 17-20.

The applicants' argument have been noted, but these arguments are not persuasive.

With regard to the amended claims 17-20, there are still the phrases ,such as " hydrogen-active compounds" and " oligourethanes comprise" present in the amendment.

Art Unit: 1625

Regarding the phrase "hydrogen-active compounds", the expression does not specify what types of hydrogen-active compounds are in the claim 17, nor what kind of its formula is for the hydrogenated-active compounds since there are many hydrogen-active compounds available in the specification.

Furthermore, it is a Reach-Through Claim. The claim does read on the future hydrogen-active compounds to be used in forming films having hydro and oil repellant properties on the surfaces of objects which have not discovered yet. In order to overcome this rejection, the examiner recommends to add the specific hydrogen-active compounds in the instant invention.

With respect to the phrase "oligourethanes comprise", the expression "comprise" is vague and confusing. The meaning of "crosslinking oligourethanes comprise" is that there are some additional components besides "crosslinking oligourethanes." Therefore, the examiner recommends to change from "comprise" to "are essentially consisted of" in the instant invention.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1625

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
